GO TO KANSAS CITY TO DRIVE HOME FORD CARS

E. N. Ogier accompanied by seven men left at noon yesterday for Kansas City for the purpose of accepting and driving home eight Ford cars. Usually the Hendy-Ogier Co. secures their supply of cars from Omaha, but Omaha is away short on orders and Kansas City is also, but the local firm succeeded in securing eight cars from the distributors in the latter city, and to insure prompt delivery concluded to drive them home. The Hendy-Ogier Co. is doing everything possible to secure cars to fill their orders, but like dealers in all sections of the country cannot get enough. The Ford factory increases its capacity each year, and yet cannot keep up with the demand.

A Good Investment
We know of no small investment that will bring such satisfactory returns as the purchase of a season ticket for the North Platte Chautauqua which opens Sunday, July 29th, and continues seven days. The price of a season ticket is \$2.50, and for this investment you hear fourteen attractions, including the play "Little Women," and the comic opera "Pinafore." Were you to see the play and the opera at the local theatre you would pay \$1.50 for a reserved seat to each.

The program at the coming Chautauqua is by far the strongest we have ever had; it is an entertainment course positively worth more than double the price asked for a season ticket.

Lincoln County's Quota is 115.

According to figures compiled in Governor Neville's office, Lincoln county's quota of soldiers under the first draft will be one hundred and fifteen. This is the quota after deducting those who have enlisted. In Hamilton county the number enlisting was as great as the county's quota and in that county no drawing will be necessary. Less than one in fifteen of those who registered will be required to fill the quota, but as 115 probably means that number of accepted men, the number drawn will be considerably larger.

Drill Work Progressing Well.

Members of Co. E are being given five hours of drill each day at the city park in the east end and Captain Halligan says they are making excellent progress. Some of the boys are, however, getting sore feet, not having properly fitted shoes for drill work. Captain Halligan said yesterday that the men may be outfitted before leaving for Ft. Crook. The work gives the boys a good appetite. They take an early breakfast have dinner at eleven and supper at five. Half of them eat at the Vienna and the others the Palace.

Cool Appointed First Lieutenant.

Cecil Cool, of this city, who has been at the Ft. Snelling training camp for several weeks, has been appointed first lieutenant in the "Dandy" Sixth Nebraska by Governor Neville. The appointment was made Tuesday and becomes effective at once. Mr. Cool was one of the Governor's foot ball warriors when the chief executive was coach of the North Platte team, and this together with his all-around fitness for a lieutenancy probably influenced the appointment.

Soldiers Have Watermelon Feed

Members of Co. E and Co. L were taken by auto last evening to the experimental farm and given a watermelon feed. Over fifty cars were used in transporting the soldier boys, and while the number of watermelons consumed is not at this time known, the number was large, for the boys showed a growing appetite for the melons. This feed was part of the week's program prepared and carried out by the citizen's committee on entertainment.

George Freed, who has made this city his home for several years while traveling for Groneweg-Schubert Co., has been accepted as an applicant for the officers' training camp and will report at Ft.
